

Main Campus Fees Raised; UMD Rates Due to Follow

WHEN THE BOARD of Regents approved a \$12 quarterly tuition and incidental fee increase for the Minneapolis campus, Friday, May 10, they stimulated an increase in the incidental fee for UMD.

THE REGENTS ENDORSED a \$10 tuition in-

crease and a \$2 incidental fee raise for the main campus.

IT HAS BEEN the policy of UMD to maintain the same incidental fee rate as the main campus, although the distribution of the funds is not necessarily similar, said Raymond Darland, UMD Provost.

THE ADDITIONAL TWO dollars will be used on the Minneapolis campus for the University Health Service (\$1.50), the student unions (45 cents) and the All-University Congress (five cents). The health service will then be receiving \$10.50 quarterly from each student and the student unions \$5.45. Both the health service and the unions are financially dependent on the student fees.

J. L. MORRILL, university of Minnesota president said that "in every case where increases are involved, students have been partners in recommending these increases." He added that there have been "no vigorous protests" against the increase.

THE BREAKDOWN of the UMD quarterly \$15 incidental fee is: Kirby Student Center, \$5; athletics, \$3.95; Health Service, \$2.60; STATESMAN, \$1.10; Student Commission, 90 cents; convocations, 80 cents; and band, orchestra and chorus, 65 cents.

OF THE UMD quarterly \$46 tuition fee, \$4.85 is designated for: Library, \$1; campus bus, 85 cents; counseling, 80 cents; CHRONICLE, 75 cents; student center reserve, 50 cents; student dramatics, 25 cents; speech clinic, 20 cents; student directory, 20 cents; women's athletics, 10 cents; HUMANIST, 10 cents; and records service, 10 cents.

USAF ROTC Review Held

TEN DULUTH and three out-of-town cadets received awards at the annual UMD Air Force ROTC parade and review held May 22 on the UMD campus.

The event was a feature of an annual inspection of the UMD corps by a visiting team of AF ROTC officers. The inspecting team included: Col. William T. Mulligan, Montgomery, Ala., AF ROTC headquarters; Lt. Col. R. A. Benesh, Central college, Elensburg, Wash., and Major H. W. Densford, Colorado A & M, Fort Collins, Colo.

Commanding officer in charge of the UMD group is Lt. Col. William P. Vanden Dries, professor of air science.

Awards went to the following:

Air Force association silver medal—Ronald A. Peterson, Duluth.

American Legion, David Wisted post, medal—Dennis R. Ojakangas, Warba.

Duluth Chamber of Commerce aviation medal—Gerald Everson, Aitkin, Minn.

Sons of the American Revolution medal—Arthur C. Nodine, III, Duluth.

KSC Announces Officers:

Griggs Given Citation

RICHARD L. GRIGGS, University of Minnesota regent, was presented with a recognition award by the Student Commission at the Kirby Student Center Policy and Program Planning committee in KSC, Monday, May 20, at 7 p. m.

THE AWARD, which was in the form of a citation, was presented to Griggs by Richard Miller, newly elected Student Commission president. The scroll was inscribed, "Given to the Honorable Richard L. Griggs, Regent of the University of Minnesota for his untiring efforts on behalf of the University of Minnesota, Duluth Branch, and the total University."

BOB BALL OF WDSM-TV presented Thomas Chamberlin, academic dean, with the WDSM-TV film of the dedication of KSC, which was taken June 22, 1956. The six minute feature film included the dedication service and a tour of the building conducted by Provost Raymond Darland.

VIRGINIA BUUS, retiring KSC president, presented the key to KSC to Roger De Caigny, newly elected KSC president. In return, De Caigny presented Miss Buus with a duplicate of the gold key that was presented to her by A. Reinhold Melander, KSC architect, at the building's dedication service.

NEW KSC AREA CHAIRMAN announced at the meeting are: De Caigny, KSC president; Don Hempel, administrative assistant; Ellsworth Johnson, personnel; Sandra Weinberg, social and special events; Gwen Olsen, public relations; George Carlson, house; Carl Jeanetta, recreation; Phil Mosher, educational and cultural; and Richard Miller, Student Commission.

KAY DIETL AND RON JOHNSON, UMD art students are pictured above with their mural, entitled "The Spirit of Freedom in the Search for Higher Learning." The mural is now on display at the top of the third floor stairway in Kirby Student Center. (Photo by Ken Moran)

Johnson, Dietl Honored

New Mural Lines KSC Wall

UMD ART STUDENTS Ron Johnson and Kay Dietl, will be honored guests at a reception at 8 p. m. Tuesday (June 4), in Kirby Student Center, for their work in creating the mural entitled "The Spirit of Freedom in the Search for Higher Learning." The mural was recently installed at the top of the third floor stairway in Kirby.

PROFESSOR J. DORRANCE KISER of the art department will speak on the background of the mural for guests at the reception, which is open free to the public. Raymond W. Darland, provost, and Thomas W. Chamberlin, academic dean, will represent the university and Virginia Buus, past-president of KSC, will represent the Student Center.

JOHNSON AND MISS DIETL took on the project under the advisement of Prof. Kiser for a problem in an advanced painting class. The two began work on the mural in mid-October and completed it by the end of Winter Quarter.

MASONITE PANELS for the mural were built under the supervision of Robert Bridges, UMD principal engineer.

THE TWO ARTISTS decided to work in the medium of auto lacquer after finding that they could overcome its fast-drying qualities and glossy shine by combining it with other ingredients.

ON DISPLAY NOW in the bookstore is a scale model of

Applications for Sno-Week chairman or co-chairman are being accepted for next year. Applicants must file at the information desk in KSC by May 27.

the stairwell and the wall, part of the preliminary work necessary to achieve proper perspective when the multiple-level mural would finally be installed at the top of the stairway.

THE MURAL IS the result of

many hours of spare-time work, in addition to the class-time spent in completing the painting, commented Kiser, who suggested the project to Johnson and Miss Dietl.

Summer 'Blue Cross' Offered

STUDENTS WHO ARE ENROLLED now and who have the UMD Blue Cross Hospitalization plan are covered only until June 15, 1957, according to OSPS.

THOSE WHO WISH to continue their Blue Cross hospitalization through the summer months (until Sept. 15), even though they do not attend either summer session may do so by paying their fees in the business office between 9 a. m. and 4 p. m. Friday, May 24 (today). These fees may also be paid Wednesday, June 19.

THE RATE FOR THE summer months is six dollars. Students not paying on these dates may have coverage only by being billed (Continued on Page 4)

ACP Polls Students:

'Shy Coeds Don't Fit in Society,' Claim Males

Minneapolis—(ACP)—Almost half the college men think coeds should feel perfectly free to ask them for dates. But the coeds don't agree. Many students of both sexes do agree however, that it is all right for the coeds to ask for dates for special functions.

The following question was asked by Associated Collegiate Press of a representative national cross-section of college students in an effort to determine collegiate opinion on this issue:

"Do you think coeds should feel perfectly free to ask college men for dates (assuming the coeds intend to pay for or help pay for the date)?"

The results:	M	F	NC
Yes, should feel free	45%	12%	32%
No, should not ask	19%	40%	27%
Depends upon situation	35%	45%	39%
Undecided	1%	3%	2%

From the figures it appears the men are very willing to have the coeds start asking them for dates, and helping them pay for them too.

"Heavens Yes! I've been waiting for this for three years," is the reply of a junior attending Ohio University (Athens).

Some of the men feel that the sexes are pretty well on equal status today and therefore there is no reason for the coeds not to ask men for dates. Some students believe that there are an ever-increasing number of social functions and events that require coeds to ask men for dates. Here are some remarks made by interested students:

"Why should the gals hesitate to ask for dates, they do just about everything else we men do these days." is the opinion of a junior at the College of Physicians & Surgeons (San Francisco, Calif.). A sophomore attending Yakima Valley Junior College (Yakima, Wash.) feels it's all right for a coed to ask for a date "because some fellow she may want to go with may not have the initiative and-or the means."

"If the gals outnumber the men, it's a good way to get acquainted," says an Ohio University (Continued on Page 3)

Some Don't Consider

A foot instinctively reaches for a brake pedal in the accustomed manner when coasting into a stop sign. Only this time the foot slams down, fast. A high pitched squeal screams behind rear wheels, foot after foot, followed by a loud crash, dust and smoke. When the air clears, nothing remains but twisted metal, shattered glass, and sometimes, death.

The wind whistled in the half opened wing windows. The sun bounced off of the shining hood, pouring warmth through the windshield. The engine purred. The highway was smooth. People laughed and sang with the radio. Seconds later, they were dead, no longer living human beings, only headlines.

No one can calculate the arrival time of Death. Some leave it to God, some to fate, some don't bother to consider the matter. Some don't consider how a drive down a beautiful stretch of highway can be their last drive, anywhere.

The Radio and Television sets blare "The Life you save may be your own" and the National Safety Council predicts that more people than ever before will wind up in headlines. Some are more cautious. Some make jokes about slogans. Some don't consider the matter. Some don't consider that they may not be able to read the next headline.

Some don't consider that they can cause the next headline. Some don't consider when they begin their ride it may end up with a foot slamming down on a brake pedal, a loud crash, dust and smoke, and sometimes, death.

Some don't consider.

Downs to Perform; 'Three Curious Songs'

Allen L. Downs, bass-baritone, assistant professor of music and choral director at UMD, will sing "Three Curious Songs" by Addison M. Alspach, UMD professor of music, on a recital program at 4 p. m. Sunday, June 9, in Main auditorium.

Mr. Downs was a soloist in the Duluth Symphony orchestra performance this spring of Bach's "Passion of St. Mathew." He has been soloist at Superior State college in Handel's "Messiah," with the Minneapolis "Pops" symphony last summer and with other Upper Midwest music groups.

He is director and bass-baritone soloist of First Methodist

church choir.

The Alspach compositions reflect "that programmatic concept so usual among late 19th and 20th century composers, yet offer elaboration of lyrical ideas much as is found in lieder music."

Downs also will sing a group of Karl-Rudi Griesbach's "Shakespeare-Lieder," published in 1955 in Germany. Research indicates that the UMD presentation will be the first outside of Europe.

The Griesbach music is characterized as spare in time and harmony, yet skillfully put together to form an adequate and pleasing musical picture.

'Whatever Is Worth Having Is Worth Cheating For ...'

(ACP)—Cheat? Forty per cent or more students at a large number of colleges do it with no apology or sense of wrong-doing!

So said a national survey released a few weeks ago. And at least one college journalist makes no effort to refute it.

"This is news?" asks DAKOTA STUDENT columnist Chuck Sakariassen at University of North Dakota. "I thought it was a known, accepted fact!"

Reading the survey results reminded Sakariassen of a recent discussion with a friend after both had "flunked a stinker."

"Men of our caliber" said the friend in dead seriousness, according to Sakariassen, "should have been able to beat that one. If I would have known the set-up, I'll tell you what I would have done . . ." and went on to explain his system.

"I'll swear he must have spent the whole two hours sneaking glances around figuring what he could have gotten away with rather than trying to pass," says the writer. "No wonder he flunked."

"My excuse? I'm just stupid."

He hastens to add: "I don't mean to imply I'm above it. My white bucks are still full of ink marks from last semester's finals."

"What I'm trying to emphasize is how funny we are," he says and goes on to tell how his friend once spent eight hours making crib notes of the semester's material ("really, a work of art") only to find he had unconsciously learned the stuff.

But, Sakariassen finishes, "Is it wrong?"

"There are two sides to the question. If you value honesty as a moral virtue I guess you'd say it was. But I sure wouldn't feel guilty glancing at the next guy's paper to find out who Henry VIII's third concubine from the left was if it meant the difference between a B or a C.

"Who said, 'You're only cheating yourself?' (I think it was my fourth grade teacher!)"

"Anyway, whoever it was, I disagree. I'll go along with W. C. Fields who said, 'Whatever's worth having is worth cheating for.'"

Tempest In A Teapot

Commissioners Need 'Purpose'

The newly elected Student Commission officers received their baptism of fire at last Tuesday's meeting. The waning weeks of the 1956-57 academic season provide an excellent opportunity for the new student government representatives to gather and discipline their forces. But most important is the opportunity for the Commission to decide on a philosophy, to determine its purpose.

The faculty would probably define a student government as an educational extra-curricular device to train student leaders in the art of diplomacy, decision making, and government. But whatever the faculty definition may be, it is up to the Commission itself to determine its importance, where it belongs in the campus community, and its purpose.

The past UMD Student Commission has done a commendable job in the work it has undertaken. But the work of the past Commission has been routine, for the most part.

That is to say, the Commission has been concerned with passing constitutions that could be passed without a Commission; controlling student funds that might be handled as well through the administration. New shelving in washrooms is hardly an excuse for the existence of a student government. The Rock Hill project, for example, has passed into the hands of the administration, because the Commission lacked the facilities to complete the job.

In short, the work of the Commission to date has been routine, and that Commission has very little excuse for existence. This is especially true when it is considered that even the most routine matters are handled with the assistance of faculty advisors.

A real purpose for the Commission, for example, could be found in the area of student stimulation, or working for an end to apathy. And apathy does exist. This probably cannot be achieved by working with the student body di-

rectly. This has been tried before and has failed. But by an honest effort to promote UMD in the surrounding area to stimulate the students indirectly through this pride.

UMD has much that could be promoted. Excellent attempts were made in this area this year through activities such as "Dad's Night" for athletic contests. There are many devices that could be used toward this end.

Real purpose could be found for the Commission's existence if its new members would take time to study their organization's potential. But first the commissioners will have to admit that the work done to date could have been done as well, and as democratically, by one faculty member.

The tempest in a teapot usually created by processing routine matters may provide excellent experience for the Commission, and if that is all the commissioners want, all is well. But if the Commission wants to be a representative organization, respected by the student body, it will have to give the body something to respect it for.

Regents Announce:

Architects Appointed For UMD Building Projects

(UMD-CA)—Rapid development of plans for a \$2,131,000 building program based on 1957 legislative allocations and private gifts was indicated today following announcement in Minneapolis of architect appointments for the projects.

ROTC Awards

Continued from Page 1

Republic Air Power award—Richard C. Koch, Duluth.

Chicago Tribune gold medal—Peter J. Thorstenson, Duluth.

Chicago Tribune silver medal—Dale O. Wick, Duluth.

American Legion Zenith City post, medal—Floyd B. Johnson, Duluth.

Convair Cadet medal—Gerald E. Pasek, Duluth.

Non-commissioned officer medal—Carl F. Jeanetta, Duluth.

Operations officer medal—Frederick R. Rodean, Chisholm.

Professor Air Science medal—Charles A. Laibl, Jr., Duluth.

Commandant of cadets medal—Donald L. Shovein.

Grad Picked

A University of Minnesota graduate in physiology has been selected as the University's candidate for the National Institutes of Health "Post-Sophomore" research fellowship to be awarded by the United States Public Health Service.

John D. MacArthur of Duluth was unanimously nominated by a faculty committee appointed by Dr. Harold S. Diehl, dean of the University's college of medical sciences, for the award which bears a \$3,200 grant plus tuition expenses for one year of additional training in basic medical research.

Pfleider Chosen

Professor Eugene P. Pfleider of the University of Minnesota's school of mines and metallurgy, has been appointed chairman of the education committee of the Society of Mining Engineers of the American Institute of Mining, Metallurgical and Petroleum Engineers.

Shy Coeds . . . cont. from page 1

junior, while a Yakima Valley Junior College sophomore coed puts her opinion this way: "It's all right, but I'll be darned if I would."

Coeds disapproving of the idea of asking men for dates usually state that this is strictly a male prerogative. Some feel it's OK only for those couples who are going steady. "I think it should be left strictly up to the male," is the way a Christian College (Columbia, Mo.) freshman coed puts it. "If they are going steady it's only practical—otherwise NO!" is the feeling of a sophomore coed at the University of Ne-

neapolis of architect appointments for the projects.

Specific projects for which plans and specifications will be drawn, together with architects selected by the University of Minnesota board of regents, were announced in Minneapolis today by William T. Middlebrook, vice president, business administration.

For the Duluth campus, the projects and architectural firms are:

Heating plant, initial phase, \$600,000, Jyring and Whiteman. Social sciences building, \$800,000, Melander, Fugelso and Associates, Duluth.

Completion of humanities building, \$170,000, Jyring and Whiteman.

Construction of new Tweed Gallery combined with main entrance and three-level corridor connecting Humanities building, \$330,000, Jyring and Whiteman.

Completion of science addition, including business office spaces, \$105,000, Melander, Fugelso and Associates.

New dormitory units, \$126,000, with probable supplement of loan funds, Melander, Fugelso and Associates.

The 1957 legislature appropriated a total of \$1,951,000 for UMD construction. The Tweed Gallery project will be financed with a \$130,000 gift from Mrs. Alice Tweed Tuohy and Mrs. John W. Brickson.

R. W. Darland, UMD Provost, said, "Everything possible will be done to expedite this construction program. The legislative and private support we have received is extremely gratifying to all of us involved in UMD's development. Our primary purpose now is to put these funds into action to help solve our growing problems of instructional and special purpose facilities before our enrollment outruns our space."

FTA Meets

—UMD Future Teachers of America club members will elect officers for next year at 6 p. m. Monday (May 27), in Tweed Hall. There will be a free picnic following the meeting.

braska (Lincoln). And a junior coed attending Ohio University gives this reason: "No, because I wouldn't pay for a date."

Over a third of the college students believe the answer depends upon the situation. "For sorority dances or special occasions, yes; otherwise, no," is the way a Christian College freshman coed puts it. And a Brooklyn College (Brooklyn, N. Y.) senior feels that it would "be all right for a party or a prom, but not for a single date."

Sigma Phi Kappa Sorority Elects 1957-58 Officers

Elected in Sigma Phi Kappa's recent balloting for new officers were: Jeanette Darland, president; Anne Lindholm, vice-president; Marjorie Nelson, treasurer; Nancy Westberg, corresponding secretary; and Judy Wright, recording secretary.

Barb Thompson was elected historian; Sue Barber, sergeant-at-arms; Sue Henderson, social chairman; Karen Hansen, rush chairman; Sandy Knutson, publicity chairman; Helen Oakes, social welfare chairman; and Mary Smith, Pan-Hellenic representative.

Becomes Affiliate Chem Club Recognized by ACS

UMD's Chemistry club, which was formed in the fall of 1955 and whose membership consists of UMD students interested in chemistry, was recognized this month by the American Chemical Society.

In order to extend some of the benefits of professional organization to undergraduate students majoring in chemistry, chemical engineering, or related fields, the American Chemical Society in 1937 established student affiliate chapters. The UMD Chemistry Club was formed on the basis that it would eventually become a student affiliate chapter of the American Chemical Society. This became a reality on May 10, 1957, when Dr. F. J. Gluck, club advisor, received a letter from the national office in Washington, D. C., stating that the UMD club has met the qualifications and is now an officially recognized Student Affiliate Chapter of the American Chemical Society.

UMD Chemistry Club members who hold A.C.S. membership are Richard Wilson, Gordon Arnold, James Elberling, and John Nordale. Those who are affiliates of the A.C.S. are Rodney Olsen, Richard Falk, Clarence Imola, Ronald Olson, Lauren Stenroos, Robert Carlson, Ken Soderquist, and Juris A. Kelers.

The Chemistry Club meets twice a month with programs consisting of such events as student speakers, films on chemistry, faculty guest speakers,

UMD Prof Appointed to Freeman Advisory Group

(UMD-CA)—Albert Tezla, a native of South Bend, Ind., and associate professor of English at the University of Minnesota, Duluth branch, has been named to the Minnesota Governor's advisory committee on refugee relief problems.

Governor Orville L. Freeman has appointed 15 Minnesotians to the advisory body, which is headed by Dr. Kenneth Bjork, Northfield, history department St. Olaf college.

The refugee relief program was initiated by Governor Freeman in 1956. Its purpose is to

ALBERT TEZLA

offer assistance in meeting various situations as refugees establish new homes and responsibilities in Minnesota.

A graduate of South Bend Central high school, Professor Tezla was graduated from the University of Chicago with the B.A. degree in 1941, the M.A. in 1947, and the Ph.D. degree in 1952.

He began his university teaching career with the South Bend center, Indiana University Extension service, from 1946 to 1948, when he accepted an appointment to the UMD faculty. During World War II he had 44 months of service as a lieutenant in the U.S. navy, including extensive combat duty.

Under a grant-in-aid from the University Graduate School, Professor Tezla is conducting preliminary work on a definitive study, "Early Romanticism in Hungarian Literature."

"For Dancing At Its Best"

Natural Science Group Meets at UMD

(UMD-NS)— AN IMPORTANT AMERICAN natural science group, the Wilson Ornithological society, will meet June 13-16 on the UMD campus.

FIRST MEETING of such scope and magnitude held on the Duluth campus, the 38th annual convention of the group is expected to attract outstanding students of bird life from virtually all states as well as Canadian provinces and foreign countries.

IT WILL BE the first time in 17 years that the society has met in Minnesota. Generally, according to Pershing B. Hofslund, UMD coordinator for the convention, sessions are held in eastern sections of the nation.

SESSIONS WILL be devoted to presentation of scientific papers, field trips, nature films and guest speakers, including some of the most distinguished names in nature art and writing. A

number of social events also are planned.

ALTHOUGH PRIMARILY for society members, the meetings will be open to the general public. "It will be an excellent opportunity for region residents to hear and meet some of the outstanding men and women in nature study and to learn a great deal about wildlife often overlooked or ignored today," Professor Hofslund noted.

Fall Permits Are Necessary

Registration permits will be used by students currently attending UMD who plan to attend during Fall Quarter 1957. These permits will give students appointment by hour and date for Fall registration.

Application for registration permits will be available in rooms 120 and 130 Kirby Student Center beginning Monday, May 27 and through the final day of Spring Quarter examinations. Students failing to obtain and complete applications between May 27 and June 15

will not be permitted to register until all students complying with these requirements have obtained class cards.

Registration will take place on September 20 and during the week of September 23-27. Further details will be announced at a later date.

Italian Award

(UNS)—Professor John J. Bittner, director of the University of Minnesota's division of cancer biology, will receive the honorary degree of doctor of medicine and surgery from the University of Perugia, Italy, on July 28.

COMMENT

By DOUG RAPP

What's the black smoke pouring out of the Lab school chimney? Looks like the educational psychologists treating problem children again . . .

Greeks Elect

The Pan-Hellenic Council elected officers for the 1957-1958 academic year at its monthly meeting, Tuesday, May 21.

Chosen were LaVerle McAdams (Sigma Psi Gamma), president; Mary Jo Lynch (Sigma Phi Kappa), vice-president; Helen Edman (Gamma Omicron Beta), secretary-treasurer; and Ann Lindholm (Sigma Phi Kappa), judicial member.

The Student Commission announced earlier this month that the Pan-Hellenic constitution has been approved.

Cheap Hearse!

(ACP)—Four Kappa Sigs at Southern Methodist university have a hearse for sale. Last November they bought the 1948 black Cadillac hearse for \$200 because they wanted a "different" mode of transportation.

(They first thought about getting a fire engine but found the prices too blazing high, according to the SMU CAMPUS).

Now in debt, the four are willing to sell for \$150. They say the hearse is in perfect condition and will carry 12 passengers.

Coeds have refused to ride in it, however, they said, despite the tasteful midnight blue interior decorations.

RICHARD L. GRIGGS, University of Minnesota regent, and Richard M. Miller, UMD Student Commission president, are shown as Miller presented Griggs with a citation from the Commission for his "untiring efforts on behalf of the University of Minnesota, Duluth Branch." The presentation was made at the Kirby Student Center Policy and Program Planning committee meeting Monday. (Photo by Ken Moran)

Dept. Set TV Facilities Available at 'U'

(UNS)—Beginning in September, the University of Minnesota will make use of the facilities of KTCA-TV, according to Burton Paulu, University director of radio and television.

In March the University television production unit was made part of the newly created department of radio and television broadcasting.

University television program experience includes nine hour-long telecasts by the Minneapolis Symphony orchestra over WCCO-TV and two telecourses in child psychology and art appreciation over WTCN-TV. Other University services also supply filmed and live material to Minnesota television stations.

University telecourses in medicine, mathematics, science, music and communications are being planned for presentation over KTCA-TV. Broadcasts will be made from 9 to 10 p. m., five days a week for 52 weeks. A minimum of 260 hours of programs will be produced yearly.

Bulldog Thinclads Place Sixth At Conference Meet

WAA Ends Year With Banquet

By MARIETTA BROWER

"Bon Voyage", the farewell message to the senior members of the Women's Athletic Association, was the theme of the annual award banquet. The dinner was held in the Kirby Student Center, Tuesday, May 21st.

The speaker, Mrs. Virginia Murray, the physical education instructor of the lab school told about the values of WAA.

The seniors will no longer need a crystal ball, because the juniors read a prophecy for them for the year of 1970. Not to be outdone, the seniors then willed many of their prized possessions to the members.

Miss Joann Johnson, the WAA advisor, presented awards which consisted of emblems, letters, and pins. To be eligible for the awards a girl must participate in the various recreational activities and be active in committee work. Points are given for these activities and an emblem is given to those girls who have earned 500 points, an M letter for 1000 points, and a WAA pin for 2000 points. The emblems were given to Violet Colich, Gretchen Magnoson, Nancy Peterson, Charlene Samuelson, and Diane Smith. Letters were given to Marietta Brower, Annie Clement, Violet Colich, Annie Pechacek, Charlene Samuelson, Sharon Sieger, and Faye Skarman. The girls who received the pins were Audrey Burns, Judy Fisher, Betts Lawson, Dorothy Niemi, and Janice Toms.

Special tributes were paid to Dr. Graybeal and Miss Johnson for their many contributions to WAA. The WAA members wish them "Bon Voyage" along with the seniors for they are both leaving UMD this year.

The highlight of the evening's program was the presentation of the Dr. Graybeal Award. This award may be given to any senior girl who meets the qualifications of this award, and is selected by the faculty, the WAA board, and the WAA members. In special recognition of her service to the WAA and as a token of her last year at UMD Miss Johnson presented the award to Dr. Graybeal.

"Til We Meet Again" sung by Dorothy Niemi was perfect ending for "Bon Voyage" and another successful year.

Netmen Lose

St. Thomas won the Minnesota Intercollegiate Athletic tennis championship topping the fields eight teams.

The Tommies scored 15 points; Hamline, Gustavus Adolphus, and St. John's six each with Macalester five, Concordia three, UMD two and Augsburg one.

John Hatten notched one point on a first round victory and Paul Kent the other on a bye.

NEWLY ELECTED—UMD Women's Athletic Association officers for 1957-58 are shown above. They are (seated) Sharon Sieger, president; (standing l. to r.) Annie Clement, point recorder; Ann Pechacek, secretary; Diane Smith, treasurer; Janice Tom, past-president and ex-officer's board member; Violet Colich, publicity.

UMD Given 1958 Swim Meet Cuts Hockey Schedule to Twenty

UMD was selected as the site of the 1958 conference swimming meet, and the hockey schedule was cut to 20 games in action taken by the Minnesota Intercollegiate Athletic conference at its annual spring meeting.

The league decided to use the modern UMD facilities of the physical education swimming pool and will hold the meet here March 6-8.

This will be the first such honor given UMD since its entry into the league in 1949. The Bulldogs have never been strong contenders for the swimming title but have been active com-

petitors and last year saw two individuals and the medley team cop scoring honors in their specialties. Tim Birman took top honors in the breaststroke division and Harley Tennison top place in the backstroke. Both Birman and Tennison are returning next year. The team was coached this year by Don Otto.

While giving UMD the honor of hosting the conference swimming events, the meeting cut 3 games of the hockey schedule.

Golfers Dropped to Second

Rookie Frank Soderquist finished second in individual, and the squad second in team scoring as UMD relinquished its hold on the conference title.

Soderquist, with 120 in 27 holes, fell one stroke short of tying winner Flen Mauston of Gustavus.

Macalester won the crown with 632 strokes against 639 for UMD. Gustavus was next with 640, St. Thomas had 646, St.

640, St. Thomas had 646, St. John's 656, Hamline 669, Concordia 684, St. Mary's 688 and Augsburg 721.

Gustavus defeated Macalester in a sudden death playoff and will represent the MIAC in the NAIN meet at Beaumont, Texas. Gustavus' top four had tied Mac's top four at the end of regulation play.

Tally Over Five Points; St. John's Cops Meet

UMD tallied 5 5/6 points in the annual running of the conference track meet to finish sixth in a field of seven.

Loren Myhre tied Roy Dressler for fifth place in the high jump; Don "Duke" Johnson copped fifth in the discus. Mort Engstrom tied for third in the pole vault and the relay team finished fourth for UMD's scoring.

St. John's the host school, won the event with 56 points. Macalester was second with 53 1/2 and Concordia third with 50 points. Last year, Concordia won the meet with 68 points.

Hamline had 27 1-3 followed by St. Thomas with 13. Gustavus Adolphus trailed UMD with four points.

Jory Kjelstrom of Concordia scored 14 1/2 points to cop individual honors. He won both hurdles and tied for first in the pole vault. Kurt Gabrielson, his teammate, took first in the broad jump, second in the 220, and third in the 100, for 12 3/4 points.

One record was broken and one tied. Bryan Nichols of Macalester set a new shotput mark of 49 feet 7 3/4 inches, topping the 46 foot 2 1/2 inches.

Cyril Paul of St. John's matched the 100 yard dash record of :9.9 held jointly by four others, Newby, St. Olaf; Russ, Gustavus; Peterson, Macalester; and Hunziger, St. Thomas.

We'd like to admit right here and now that the main reason we run advertisements like this is to get you, dear reader, to drink Coca-Cola to the virtual exclusion of all other beverages. The sooner you start going along with us, the sooner we'll both begin to get more out of life.

Young Man With a Ballroom . . .

STATESMAN PHOTOGRAPHER Ken Moran detected the sound of a lonesome trumpet while in KSC. He found student Jim Blackwell practicing in the spacious ballroom on third floor. Moran snapped Blackwell as he filled the empty hall with the noise of a sweet but lonely trumpet.

CSO Meeting

Dennis Ojakangas, Congress of Student Organizations president announced that the CSO will meet at the UMD Library, Monday, May 27 at 7:30 p. m. Ojakangas urged that all campus organizations send their CSO representatives.

Drive with care . . . everywhere!

loves to cut loose and cover the miles!

If you're looking for a real "escape artist," a car that loves to step out and get away from it all—well, it just happens that Chevy was *born* with that urge.

If there ever was a car that loved to cut loose and cover the miles, it's this one. Yet it's so easy to handle that it even makes city traffic seem a bit lighter and parking places a bit bigger.

Chevy's pretty easygoing out on the highway too. Not pokey. Far from it. You find, for example, there isn't a hill around that can make it breathe hard

—not with Chevrolet's high-performance V8 on the pulling end. You've got up to 245* horsepower here for the biggest helping of driving pleasure found in the low-price field!

Chevy's new Positraction rear axle (optional at extra cost) adds still more pleasure. It delivers greater power to the wheel that *grips*, not the wheel that *slips*. You have surer control and better traction on any road surface.

Stop by your Chevrolet dealer's before another good driving day goes by.

GET A WINNING DEAL ON THE CHAMPION!

*Optional at extra cost. 270-h.p. high-performance engine also available at extra cost.
